

## Residential Rebate Chart

Effective October 1, 2017

*Rebates are subject to availability of funds and offers may be changed or discontinued at any time.*

Residential Weatherization	Vintage	House Type	Pre-Condition	Post-Condition	Unit of Measure	Customer Rebate per Unit	Total Measure Cost Cap
Attic Insulation	Existing Construction	SF-Site Built	Less than R-11	Minimum R-38	Sq/Ft	\$ 0.60	100% of Cost
Attic Insulation	Existing Construction	SF-Site Built	R-11 to R-19	Minimum R-38	Sq/Ft	\$ 0.25	100% of Cost
Attic Insulation	Existing Construction	SF-Manufactured	Less than R-11	Minimum R-30 (or fill cavity)	Sq/Ft	\$ 0.25	100% of Cost
Under Floor Insulation	Existing Construction	SF-Site Built	Less than R-11	Minimum R-30 (or fill cavity)	Sq/Ft	\$ 0.25	100% of Cost
Under Floor Insulation	Existing Construction	SF-Manufactured	Less than R-11	Minimum R-22	Sq/Ft	\$ 0.30	100% of Cost
Wall Insulation	Existing Construction	SF-Site Built	R-0	Minimum R-11	Sq/Ft	\$ 0.50	100% of Cost
Windows	Existing Construction	SF-Site Built OR SF-Manufactured OR Multi-Family	Single Pane, Single Pane w/Storms, OR Double Pane w/Metal Frame	U-Factor Less than or Equal to 0.30	Sq/Ft	\$ 3.00	100% of Cost
Insulated Exterior Doors	Existing Construction	SF-Site Built OR SF-Manufactured OR Multi-Family	Un-Insulated	ENERGY STAR Qualified; Threshold Replaced	Door	\$ 40.00	100% of Cost

Residential Appliances	Vintage	House Type	Pre-Condition	Post-Condition	Unit of Measure	Customer Rebate per Unit	Total Measure Cost Cap
Clothes Washer (Electric Water Heater)	New OR Existing Construction	SF-Site Built OR SF-Manufactured OR Multi-Family	Any	ENERGY STAR Qualified Front Loader - (Top Loaders do not qualify)	Unit	\$ 30.00	n/a
Clothes Dryer (Electric Water Heater)	New	SF-Site Built OR SF-Manufactured OR Multi-Family	Any	Any Energy Star Electric Clothes Dryer	Unit	\$ 50.00	n/a

Residential Lighting	Vintage	House Type	Pre-Condition	Post-Condition	Unit of Measure	Customer Rebate per Unit	Total Measure Cost Cap
LED Lamps	New OR Existing Construction	Any House Type	Incandescent OR Compact Fluorescent	ENERGY STAR Qualified	Lamp	\$ 4.00	75% of Cost
ENERGY STAR Hard-wired LED Fixture/Retrofit Kit	New OR Existing Construction	Any House Type	Incandescent OR Compact Fluorescent	ENERGY STAR Qualified	Fixture	\$ 5.00	75% of Cost

## Residential Rebate Chart

Effective October 1, 2017

*Rebates are subject to availability of funds and offers may be changed or discontinued at any time.*

Residential New Manufactured Homes	Vintage	House Type	Pre-Condition	Post-Condition	Unit of Measure	Customer Rebate per Unit	Total Measure Cost Cap
New Manufactured Home 1.1	New Construction	SF- Manufactured	n/a	NEEM Certified; ENERGY STAR Qualified; Forced Air Electric <u>OR</u> Air Source Heat Pump	Home	\$ 1,200.00	n/a

Residential HVAC	Vintage	House Type	Pre-Condition	Post-Condition	Unit of Measure	Customer Rebate per Unit	Total Measure Cost Cap
HP Upgrade to Air-Source	New <u>OR</u> Existing Construction	SF-Site Built <u>OR</u> SF- Manufactured	Air Source Heat Pump <u>OR</u> Add to System with Gas Backup <u>OR</u> Zonal Electric Resistance; Ducts Heated <u>OR</u> PTCS Qualified	Min. 9.0 HSPF/14 SEER	System	\$ 400.00	100% of Cost
Heat Pump Conversion to Air-Source Heat Pump	Existing Construction	SF-Site Built <u>OR</u> SF- Manufactured	Forced Air Electric; Ducts Heated <u>OR</u> PTCS Qualified	Min. 9.0 HSPF/14 SEER	System	\$ 1,400.00	100% of Cost
Heat Pump Commission & Controls Only	New <u>OR</u> Existing Construction	SF-Site Built <u>OR</u> SF- Manufactured	New Heat Pump PTCS Certified *Can not be combined with any other heat pump measure	Greater than 7.7 HSPF/13 SEER and Less than 9.0 HSPF/14 SEER	System	\$ 300.00	100% of Cost
Ductless Heat Pump	Existing Construction	SF-Site Built <u>OR</u> SF- Manufactured	Forced Air Electric	BPA Qualified	System	\$ 1,000.00	100% of Cost
Ductless Heat Pump	Existing Construction	SF-Site Built <u>OR</u> SF- Manufactured	Zonal Electric	BPA Qualified	System	\$ 800.00	100% of Cost
Duct Sealing	Existing Construction	SF-Site Built	Forced Air Electric <u>OR</u> Air Source Heat Pump	PTCS or BPA Approved Prescriptive	System	\$ 250.00	100% of Cost
Duct Sealing	Existing Construction	SF- Manufactured	Forced Air Electric <u>OR</u> Air Source Heat Pump	PTCS or BPA Approved Prescriptive	System	\$ 200.00	100% of Cost

Residential Water Heating	Vintage	House Type	Pre-Condition	Post-Condition	Unit of Measure	Customer Rebate per Unit	Total Measure Cost Cap
Heat Pump Water Heater (Any Size)	New <u>OR</u> Existing Construction	SF-Site Built <u>OR</u> SF- Manufactured	Existing Construction must Replace Electric Storage Tank	Any Size Tank Tier 1	Unit	\$ 300.00	100% of Cost
Heat Pump Water Heater (Any Size)	New <u>OR</u> Existing Construction	SF-Site Built <u>OR</u> SF- Manufactured	Existing Construction must Replace Electric Storage Tank	Any Size Tank Tier 2 & 3	Unit	\$ 500.00	100% of Cost
