Required	Not Required
Insulation Windows	Air Sealing, Appliance, Heat Pump, Lighting, New Manufactured Home, Water Heater

How do I schedule my pre-audit and post-inspection?

Call 1-888-883-9879 to schedule.

Is there a fee for the pre-audit or post-inspection?

There is no cost to the Skamania PUD customer.

Do I need to be home during the pre-audit and post-inspection?

Provided the inspector has outside access to all areas you plan to upgrade, you do not need to be home.

Should I schedule a pre-audit every time I plan an energy efficiency upgrade to my home?

The Skamania PUD Field Technician will perform a *one-time* pre-audit to determine your home's condition before energy efficiency upgrades are made. Skamania PUD keeps pre-audit results on file for future reference.

Do I need to schedule a post-inspection after every new energy efficiency upgrade to my home?

Yes, you will need to schedule a post-inspection every time you submit a Rebate Application for new weatherization upgrades.

Can I install insulation or windows myself?

Yes. All energy efficiency upgrades must be installed according to Skamania PUD program specifications.

Do all of my windows need to be upgraded at once, or can I upgrade a few now and more later?

You can replace a few windows at a time or all at once.

Can I enlarge my windows and be eligible for rebates?

Windows that are enlarged do not qualify for rebates.

Does Skamania PUD have a loan program?

No. Check with your local bank or lender for applicable loan programs.

When will I receive my rebate?

You will receive your rebate 8–10 weeks after your post-inspection (as required, based on energy efficiency upgrade type) and Skamania PUD has received all complete rebate documents.
