*Completed BPA Contractor Bid Worksheet must be submitted with this application to qualify for rebates (please contact 888.883.9879 or rebates@esgroupllc.com).

Rebate(s) will not exceed 70% of total installed cost.

To ensure availability of funds, project must be pre-approved.

Before Installation: Audit or photos and pre-approval is required. Call 1-888-883-9879 to schedule audit.

After Installation: Final inspection is required. Call 1-888-883-9879 to schedule inspection.

Upon signing this agreement, customer acknowledges the following:

Rebate offer(s) may be changed or discontinued at any time by Skamania PUD (PUD). The PUD disclaims any warranty, whether expressed or implied, regarding the energy efficient upgrade(s) listed on this application for any materials or labor associated with installation, maintenance, repair, or any energy savings associated with use.

I understand that the energy efficient upgrade(s) must be installed to the PUD specifications, and certify that I, or my contractor, have reviewed the specifications prior to beginning work. When selecting a contractor, I understand that it is the business owner's responsibility to request proof of insurance and licensing that meets the statutes and rules of the Washington State Construction Contractors Board. The PUD strongly recommends validating qualifications before work begins. I understand the above and certify that I am a customer of the PUD, that the energy efficient upgrade(s) are installed at the address indicated and that this address is within the PUD service territory.

SIGNATURE _____ **DATE** _____

Mail, email or fax completed application, legible copy of purchase receipt(s) including purchase date and cost and cut sheet(s) or product sheet documenting product name and model number:

Skamania PUD
 Attn: Energy Efficiency Rebates
 5625 NE Elam Young Parkway #100
 Hillsboro, OR 97124
 FAX: 1-503-344-6942
rebates@esgroupllc.com

Rebate Applications are due within six (6) months of purchase to qualify.

Allow 8 to 10 weeks for rebate processing.

Call 1-888-883-9879 to learn about additional energy efficiency programs.

Participation in this energy efficiency program allows the Skamania PUD to use your electrical energy consumption history for energy savings research. Your consumption history may be shared anonymously with Bonneville Power Administration for energy savings verification and research.

Strip Curtains for Walk-in Coolers and Freezers in Commercial Buildings

(Pre-approval from Skamania PUD is required before beginning project. Call 888.883.9879 or fax to 503.344.6942 or email to rebates@esgroupllc.com for information)

Requirements and Specifications:

Strip curtains and plastic doors on walk-ins keep cool air from escaping and warm air from entering the unit. This measure is for the installation of new strip curtains or plastic swinging doors on qualifying walk-in cooler and freezer doorways. Eligible applications include grocery walk-in freezers and coolers; convenience store walk-in freezers, and restaurant walk-in freezers where there are no existing curtains or plastic doors.

Ineligible applications are walk-in freezers located inside of walk-in coolers; walk-in coolers in restaurants, drug or convenience stores; replacement of existing strip curtains; or strip curtains on display cases.

Pre-Conditions:

- No strip curtains installed inside of a walk-in
- **This measure applies to retrofits only.**

The following applications will not apply:

- Walk-in freezers located inside of walk-in coolers
- Walk-in coolers in restaurants, drug or convenience stores
- Replacement of existing strip curtains, or
- Application of strip curtains on display cases

Post-Conditions:

- Strip curtains or swinging doors ≥ 0.06 inches thick
- Low temperature strip curtains or doors must be used on low temperature applications

Documentation Requirements

- Rebate application.
- Invoice showing installed cost and new equipment order/purchase date.
- Product specification sheet (also referred to as cut sheet) documenting product name.

Reimbursement

\$9.00 per square foot of doorway for walk-in coolers and freezers.

Walk-in or Display Case Evaporator Fan Motor – Shaded Pole to Electronically Commutated Motor (ECM)

(Pre-approval from Skamania PUD is required before beginning project. Call 888.883.9879 or fax to 503.344.6942 or email to rebates@esgroupllc.com for information)

Requirements and Specifications:

This measure is for existing shaded pole evaporator fan motors in refrigerated reach-in display cases, walk-in coolers, and walk-in freezers that are replaced by electronically commutated motors or ECMs. There is no restriction for the fan size on refrigerated display cases.

Pre-Conditions:

- Shaded pole motor in a refrigerated display case, walk-in cooler or freezer.
- This measure does not apply to motors with fans less than 10” in diameter on walk-in coolers and freezers.
- For refrigerated display cases all fan sizes are eligible.
- **This measure applies to retrofits only.**

Post-Conditions:

- Replace a shaded pole evaporator fan motor with an electronically commutated motor (ECM).

Documentation Requirements:

- Rebate application
- Invoice showing installed cost and new equipment order/purchase date.
- Product specification sheet (also referred to as cut sheet) documenting product name and model number

Payment:

MEASURE	PAYMENT (PER ECM MOTOR)
ECM on Display Case	\$55.00 per motor
Walk-in Cooler or Freezer, ≤ 23 Watts	\$140.00 per motor
Walk-in Cooler or Freezer, > 23 Watts	\$140.00 per motor

Anti-Sweat Heater (ASH) Controls

(Pre-approval from the Skamania PUD is required before beginning project. Call 888.883.9879 or fax to 503.344.6942 or email to rebates@esgroupllc.com for information)

Requirements and Specifications:

Anti-sweat heater (ASH) controls reduce the energy consumption of anti-sweat heaters on reach-in doors. This measure applies to cooler and freezer reach-in glass door cases in a commercial building. This measure only applies to technologies that reduce energy consumption of anti-sweat heaters based on sensing humidity.

Pre-conditions:

- Cooler Case: Any uncontrolled ASH that uses greater than 0.20 amps/ft. of case (door rail, glass and/or frame heating element combined); or
- Freezer Case: Any uncontrolled ASH that uses greater than 0.39 amps/ft. of case (door rail, glass and/or frame heating element combined).
- This measure does not apply to doors equipped with low/no anti-sweat heat.
- **This measure applies to retrofits and new construction.**

Post-conditions:

- Cooler Case: Installation of a controller with settings that reduce the ASH run time by at least 50%. Includes any heating element in a door rail, glass and/or frame; or
- Freezer Case: Installation of a controller that reduces the ASH run time by at least 50%. Includes any heating element in a door rail, glass and/or frame.

Documentation Requirements:

- The Non-Residential Refrigeration Application.
- Invoice showing installed cost and new equipment order/purchase date.
- Product specification sheet (also referred to as cut sheet) documenting product name and model number.

Reimbursement:

MEASURE	PAYMENT
Anti-Sweat Heater (ASH) Controls – Freezer	\$40.00 per linear foot of case
Anti-Sweat Heater (ASH) Controls – Cooler	\$40.00 per linear foot of case
