# RESIDENTIAL WINDOW REBATE PROGRAM

## Steps to Participation

---

### 1. PRE-APPROVAL

If the work is to be completed by a contractor, the contractor must submit an estimate of the work to be completed at the site including existing frame type (metal, wood or vinyl), single or double pane glass and size of each window along with the customer rebate application.

If this is a self-install project, the homeowner must keep the old windows that are replaced on site until after the final inspection of the window project. The homeowner must submit an estimate for the project & the Skamania PUD window rebate application.

- After you submit the pre-approval information, you will receive a follow-up letter to confirm that rebate funds have been reserved for six months. If your project is not complete within the six month timeframe, then you must reapply for rebate funds.

### 2. WINDOW & EXTERIOR DOOR UPGRADE

- After the submission of the pre-approval estimates to Skamania PUD by email [rebates@esgroupllc.com](mailto:rebates@esgroupllc.com) or fax to 503-344-6942, you can upgrade the windows in your home or hire a contractor to do the work.
- New replacement windows must have a U-Factor of 0.30 or less to qualify for a rebate!**
- Windows can be replaced all at once, individually, or a few at a time.
- Each new window will have an NFRC sticker attached to the glass. Carefully remove all stickers and make a copy of each one. Retain originals for your records.
- Each new exterior door must be ENERGY STAR rated & may have an NFRC sticker attached to the door verifying that it is ENERGY STAR rated. Remove the sticker and make a copy of the sticker. Retain originals for your records. Verification that the door is ENERGY STAR rated must be in the final paperwork. Exterior door must replace an un-insulated door.

You will be contacted two to three days prior to the inspection with your scheduled date and time. You do not need to be home during the inspection provided there is outside access to all windows. Please unlock gates and restrain your pets before your scheduled audit. You are required to have a post-installation inspection each time you upgrade windows in your home.
